Day 3: Wednesday 19 July 2023												
	1: Labour Economics	2: Social Choice and Mechanism Design	3	4: Macroeconomic Dynamics	5	6: Informations Economics	7: Public Policies	8: Frequency-Domain Methods	9: General Equilibrium	10	11: Trade	12: Preferences
ROOM	Bonn-Amsterdam FIAP	Rio 2 - FIAP	Sidney - FIAP	Madrid - FIAP	Rome - FIAP	Dublin - FIAP	Nouméa - FIAP	Java	Londres - FIAP	RIO 1 - FIAP	Montréal - FIAP	Boston - FIAP
9:00am - 10:40am	Labor Economics: Theory and Applications (Timothy Kehoe)	Social Choice and Mechanism Design I (D. Berga & B. Moreno)	Structural Change Across Time Use and Space (Rachel Ngai)	Topics on Economic Macrodynamics (Lloyd-Braga)	Contests and Competition (Iryna Topolyan)	Information and Markets (Santanu Roy)	Politics, Voting and Decisions-Making: Theory and Experiments (Simona Fabrizi)	Frequency-Domain Methods and Applications I (Bart Taub)	Equilibrium Theory with Externalities (Maria Gabriella Graziano)	Mathematical Economics (Yeneng Sun)	Trade and Environment (Volodymyr Lugovskyy)	Preferences Foundations and Measurement (Horst Zank)
10:40am - 11:00am	Coffee Break											
11:00 am - 12:40 am	Labour and Contracts (Igor Livshits)	Social Choice and Mechanism Design II (D. Berga & B. Moreno)	Behavioral Choice Theory (Geoffroy de Clippel and Miguel Ballester)	Labor Markets and Macroeconomic Outcomes (Alexander Monge-Naranjo)	Organizational and Contract Theory (Edward S. Prescott)	Information Economics III (S. Krasteva & H. Guo)	Fiscal Policy: Theory and applications (Timothy Kehoe)	Frequency-Domain Methods and Applications II (Bart Taub)	General Equilibrium Theory and its Foundations (Michael Zierhut)		Trade, FDI and Global Development (P. Wang & B. Ravikumar)	Dynamic Programming, Uncertainty and Time Preferences (Luciano de Castro)
12:40pm - 2:00 pm	Lunch Break											
2:30pm - 2:50pm	Solemn Session: Stephen Morris, President of SAET, Jean-Marc Bonnisseau, President of the Organzing Committee and Jean-François Caulier, Paris 1 Panthéon Sorbonne Vice President La Sorbonne - Amphitéâtre Richelieu											
3:00pm - 3:50pm	Aliprantis prize Lecture: "The converse envelope theorem" Ludvig Sinander, University of Oxford, UK. Chair: Gabriela Graziano La Sorbonne - Amphitéâtre Richelieu											
4:00pm - 4:50pm	David Cass Lecture: Christian Gollier, Toulouse School of Economics, France. Chair: Bernard Cornet La Sorbonne - Amphitéâtre Richelieu											
5:00pm - 5:40pm	Music Concert: Robert Schumann, Dichterliebe (A poet's Love) (song cyle from the "Book of Songs" by Heinrich Heine), Michel Grabisch (piano), Thierry Marchant (baritone) La Sorbonne - Amphitéâtre Richelieu											
5:40pm - 6:30pm	Edward C. Prescott Lecture: Christopher Pissarides, London School of Economics, UK and University of Cyprus, Cyprus. Chair: Nicholas Yannelis La Sorbonne - Amphitéâtre Richelieu											

For the parallel sessions, we have arranged for them to take place at FIAP Jean Monnet Paris, situated at 30 Rue Cabanis. This modern facility will accommodate the sessions scheduled for Monday, Tuesday, Wednesday morning, Thursday, and Friday morning.

Day 4: Thursday 20 July 2023												
	1: Information I	2: Industrial Organization	3: Inequalities	4: Game Theory I	5: Mechanism Design		7: Macro and Political Economy	8: Game Theory II	9: Networks	10: Game Theory III		12: Dynamic Methods
ROOM	Bonn-Amsterdam FIAP	Rio 2 - FIAP	Sidney - FIAP	Madrid - FIAP	Rome - FIAP	Dublin - FIAP	Nouméa - FIAP	Java	Londres - FIAP	RIO 1 - FIAP	Montréal - FIAP	Boston - FIAP
9:00am - 10:40am	Markets with Search Frictions (Jang-Ting Guo)	Industrial Organization (Joana Pinho)	Wealth Inequality Dynamics (Sylvain Catherine)	Competitions in Auctions (A. Attar & E. Campioni)	Recent Development in Mechanisms Design II (Jiangtao Li & Wei He)		Experiments in Macroeconomics and Finance (Daniela Puzzello)	Cooperation in games (Rabah Amir)	Network Centrality (Agnieszka Rusinowska)	International Trade: Theory and Applications (Timothy Kehoe)		Dynamic Decision Problems (Dominik Karos)
10:40am - 11:00am	Coffee Break											
11:00 am - 12:40 am	Economics of Information (Joao Correia-da-silva)	Contests I (Jingfeng Lu)		Cooperative Solutions and Its Applications (Michele Lombardi)	Recent Development in Mechanisms Design I (Jiangtao Li & Wei He)		Political Economy (Cecilia Testa & Giovanni Facchini)	Complementarities and games (Rabah Amir)	Networks (Francis Bloch)	Topics in Mathematical Economics and Game Theory (Richard McLean)		New Methods for Dynamic Economies I (K. Reffett & L. Wozny)
12:40pm - 2:00 pm	Lunch Break											
2:00pm - 3:40pm	Economics of Search (S. Nuray Akin)	Contests II (Jingfeng Lu)	Market Design and Matching (Emil Temnyalov)	Cooperative Game Theory (Youngsub Chun)	Economic Dynamics: Applications (Mich Tvede)		Dynamic Macroeconomics (Alexandru Minea)	Applied Game Theory (Rabah Amir)	Markets and Algorithms (Evangelia Chalioti)	Topics in Game Theory II (Michael Greinecker)		New Methods for Dynamic Economies II (K. Reffett & L. Wozny)
3:40pm - 4:00pm	Coffee Break											
4:00pm - 5:40pm	Experiments on information and markets (Todd Kaplan)	Product Differentiation: Applications (Rim Lahmandi-Ayed)	Market design and inequality (Emil Temnyalov)	Advances in Cooperative Games (Michel Grabisch)	Mechanism design (Alexey Kushnir)		Topics in Applied Macroeconomics (S. Nuray Akin)	Behavioral Game Theory (Ed Hopkins)	Preferences and economic dynamics (Rabah Amir)	Games and Markets (Leonidas Koutsougeras)		OLG Models - Theory and Applications (Jan Wenzelburger)
7:00pm - 11:00 pm	Conference Dinner											

For the parallel sessions, we have arranged for them to take place at FIAP Jean Monnet Paris, situated at 30 Rue Cabanis. This modern facility will accommodate the sessions scheduled for Monday, Tuesday, Wednesday morning, Thursday, and Friday morning.
